Canon XJ95x8.6B IESD-SB Box Lens with Controls, Sled, and Shipping Case- USED

The Canon XJ95x8.6B box lens packs outstanding optical performance into a compact, lightweight body. With its extensive 95x zoom range, this lens captures stable video even when fully zoomed thanks to advanced Image Stabilization. Broadcasters everywhere highly recommend the XJ95x8.6B for applications needing flexibility to shoot fast action from a distance with sharpness, vivid color and low distortion. This technologically-advanced lens delivers on all fronts.

Canon XJ100x9.3B with full servo controls, sled, and case (beige)- USED

Ready to ship: 1

The Canon 9.3-930mm XJ100X9.3B IE Field Lens incorporates advanced lens technology for reproducing detailed images. Canon's Advanced Stabilization System has an improved optical shift-type stabilizer that incorporates a sensor inside the lens for detecting vibrations. Compensating optics are then engaged at a high speed to cancel out any effect on the image.

Includes:

- ☐ Canon XJ100x9.3B
- ☐ Full Servo Controls
- ☐ Sled
- ☐ Case
