## PARTNERING FOR SUCCESS: CANON BROADCAST EQUIPMENT FROM ALLIED BROADCAST GROUP

As an authorized Canon dealer, Allied Broadcast Group empowers you to leverage the power of Canon's broadcast solutions. You're guaranteed genuine equipment, maximizing performance and investment value.

Our team of broadcast specialists collaborates with you to understand your specific needs and workflows. We recommend the optimal Canon camera, lens, and accessory configuration to seamlessly integrate into your existing setup. This ensures efficient operation and minimizes downtime.

Canon's broadcast portfolio boasts exceptional image quality, advanced autofocus, and professional video features. Their equipment is built to endure demanding environments, guaranteeing reliable performance.

## BEYOND CANON: THE ALLIED BROADCAST GROUP ADVANTAGE

Partnering with Allied Broadcast Group goes beyond equipment acquisition. We offer comprehensive pre-sales support, guiding you towards the perfect Canon solution. Additionally, we provide ongoing technical assistance to ensure you maximize the capabilities of your Canon gear.

## BUILDING A LONG-TERM PARTNERSHIP

We believe in fostering long-term client relationships. By choosing Allied Broadcast Group, you gain a dedicated team committed to understanding your evolving broadcast needs. We'll continue to provide support and guidance as your production requirements grow.

## EMBRACE THE POWER OF CANON WITH ALLIED BROADCAST GROUP

Equip your productions with the power of Canon technology and leverage the expertise of Allied Broadcast Group. Contact us today and let's transform your broadcast vision into reality.

## Canon XJ100x9.3B with full servo controls, sled, and case (black or beige)- USED

**\$48,500**  
**Black**

The Canon 9.3-930mm XJ100X9.3B IE Field Lens incorporates advanced lens technology for reproducing detailed images. Canon's Advanced Stabilization System has an improved optical shift-type stabilizer that incorporates a sensor inside the lens for detecting vibrations. Compensating optics are then engaged at a high speed to cancel out any effect on the image.

- Canon XJ100x9.3B
- Full Servo Controls
- Allied ULM-2
- Case

**\$40,000**  
**Beige**

## Canon XJ95x8.6B IESD-SB Box Lens with Controls, Sled, and Shipping Case – USED

The Canon XJ95x8.6B box lens packs outstanding optical performance into a compact, lightweight body. With its extensive 95x zoom range, this lens captures stable video even when fully zoomed thanks to advanced Image Stabilization. Broadcasters everywhere highly recommend the XJ95x8.6B for applications needing flexibility to shoot fast action from a distance with sharpness, vivid color and low distortion. This technologically-advanced lens delivers on all fronts.
